II. Content of Information Disclosure and Explanation

Tan Cang offshore services joint stock company provides an explanation regarding the difference in net profit after tax on the consolidated financial statements for 2024, which has changed by 10% or more compared to the same period in the previous year, as follows:

Chỉ tiêu	2024 (VND)	2023 (VND)	Difference	
			Amount (VND)	Percentage
Net Profit After Tax	490.310.087.529	200.672.194.662	289.637.892.867	144,33%

Explanation: In 2024, the net profit after tax on the consolidated financial statements was higher than the same period in the previous year due to the following main reasons:

+ The parent company has successfully deployed most of the offshore service equipment in both domestic and regional markets, while also increasing the rental prices compared to the same period last year;

+ The subsidiaries have maintained good profitability compared to the same period last year.

We affirm that the disclosed information above is true and take full legal responsibility for the disclosed content.

The legal representative of the Company during the year and as of the date of this statement is Mr. Le Dang Phuc – General Director (re-appointed on 7 June 2021).

Auditor

A&C Auditing and Consulting Co., Ltd. has been appointed to perform the audit on the Consolidated Financial Statements for the fiscal year ended 31 December 2024 of the Group.

Responsibilities of the Board of Management

The Company's Board of Management is responsible for the preparation of the Consolidated Financial Statements to give a true and fair view on the consolidated financial position, the consolidated financial performance and the consolidated cash flows of the Group during the year. In order to prepare these Consolidated Financial Statements, the Board of Management must:

- select appropriate accounting policies and apply them consistently;
- make judgments and estimates reasonably and prudently;
- state clearly whether the accounting standards applied to the Group are followed or not, and all the material differences from these standards are disclosed and explained in the Consolidated Financial Statements;
- prepare the Consolidated Financial Statements of the Group on the going-concern basis, except for the cases that the going-concern assumption is considered inappropriate; and
- design and implement effectively the internal control system to minimize the risks of material misstatements due to frauds or errors in the preparation and presentation of the Consolidated Financial Statements.

The Board of Management hereby ensures that all the proper accounting books of the Group have been fully recorded and can fairly reflect the financial position of the Group at any time, and that all the accounting books have been prepared in compliance with the applicable Accounting System. The Board of Management is also responsible for managing the Group's assets and consequently has taken appropriate measures to prevent and detect frauds and other irregularities.

The Board of Management hereby commits to the compliance with the aforementioned requirements in preparation of the Consolidated Financial Statements.

Approval on the Financial Statements

The Company's Board of Management hereby approves the accompanying Consolidated Financial Statements, which give a true and fair view of the consolidated financial position as at 31 December 2024, the consolidated financial performance and the consolidated cash flows for the fiscal year then ended of the Group in conformity with the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System and relevant statutory requirements on the preparation and presentation of Consolidated Financial Statements.

For and on behalf of the Board of Management,

General Director

INDEPENDENT AUDITOR'S REPORT

THE SHAREHOLDERS, THE BOARD OF DIRECTORS AND THE BOARD OF MANAGEMENT TAN CANG OFFSHORE SERVICES JOINT STOCK COMPANY

We have audited the accompanying Consolidated Financial Statements of Tan Cang Offshore Services Joint Stock Company (hereinafter referred to as "the Company") and its subsidiaries (hereinafter collectively referred to as "the Group"), which were prepared on 26 March 2025, from page 6 to page 47, including the Consolidated Balance Sheet as at 31 December 2024, the Consolidated Income Statement, the Consolidated Cash Flow Statement for the fiscal year then ended and the Notes to the Consolidated Financial Statements.

Responsibility of the Board of Management

The Company's Board of Management is responsible for the preparation, true and fair presentation of the Group's Consolidated Financial Statements in accordance with the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System and relevant statutory requirements on the preparation and presentation of Consolidated Financial Statements; and responsible for the internal control as the Board of Management determines is necessary to enable the preparation and presentation of the Consolidated Financial Statements to be free from material misstatement due to fraud or error.

Responsibility of Auditors

Our responsibility is to express an opinion on the Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Vietnamese Standards on Auditing. Those standards require that we comply with ethical standards and requirements and plan and perform the audit to obtain reasonable assurance about whether the Group's Consolidated Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Consolidated Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Group's preparation and true and fair presentation of the Consolidated Financial Statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Management, as well as evaluating the overall presentation of the Consolidated Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion of Auditors

In our opinion, the Consolidated Financial Statements give a true and fair view, in all material respects, of the consolidated financial position as at 31 December 2024 of the Group, its consolidated financial performance and its consolidated cash flows for the fiscal year then ended in conformity with the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System and relevant statutory requirements on the preparation and presentation of Consolidated Financial Statements.

Other matter

The Auditor's Report on the Group's Consolidated Financial Statements for the fiscal year ended 31 December 2024 is prepared in Vietnamese and English. Should there be any conflict between the Vietnamese and English versions, the Vietnamese version shall take precedence.

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2024

Notes to the Consolidated Financial Statements (cont.)

II. FISCAL YEAR AND ACCOUNTING CURRENCY

1. Fiscal year

The fiscal year of the Group is from 1 January to 31 December annually.

2. Accounting currency unit

The accounting currency unit is Vietnam Dong (VND) because payments and receipts of the Group are primarily made in VND.

III. ACCOUNTING STANDARDS AND SYSTEM

1. Accounting System

The Group applies the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System, which were issued together with the Circular No. 200/2014/TT-BTC dated 22 December 2014 on guideline for accounting policies for enterprises, the Circular No. 53/2016/TT-BTC dated 21 March 2016, the Circular No. 202/2014/TT-BTC dated 22 December 2014 giving guidance on the preparation and presentation of Consolidated Financial Statements as well as other Circulars guiding the implementation of the Vietnamese Accounting Standards of the Ministry of Finance in the preparation and presentation of Consolidated Financial Statements.

2. Statement on the compliance with the Accounting Standards and System

The Board of Management ensures the compliance with all the requirements of the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System, which were issued together with the Circular No. 200/2014/TT-BTC dated 22 December 2014, the Circular No. 53/2016/TT-BTC dated 21 March 2016, the Circular No. 202/2014/TT-BTC dated 22 December 2014 as well as other Circulars guiding the implementation of the Vietnamese Accounting Standards of the Ministry of Finance in the preparation and presentation of Consolidated Financial Statements.

IV. ACCOUNTING POLICIES

1. Basis of preparation of the Consolidated Financial Statements

All the Consolidated Financial Statements are prepared on the accrual basis (except for the information related to cash flows).

The Consolidated Financial Statements are prepared in Vietnamese and English, in which the Consolidated Financial Statements in Vietnamese are the official statutory financial statements of the Group. The Consolidated Financial Statements in English have been translated from the Vietnamese version. Should there be any conflict between the Vietnamese and English versions, the Vietnamese version shall take precedence.

2. Basis of consolidation

The Consolidated Financial Statements include the Financial Statements of the Parent Company and the Financial Statements of its subsidiaries. A subsidiary is a business that is controlled by the Parent Company. The control exists when the Parent Company has the power to directly or indirectly govern the financial and operating policies of the subsidiary to obtain economic benefits from its activities. In determining the control power, the potential voting right arising from share call options, debt or equity instruments that are convertible into ordinary shares as of the end of the fiscal year shall be taken into consideration.

The business performance results of the subsidiaries that are acquired or disposed of during the year are included in the Consolidated Income Statement from the date of acquisition or until the date of disposal of those subsidiaries.

The Financial Statements of the Parent Company and its subsidiaries used for consolidation are prepared for the same accounting period and apply consistent accounting policies for similar transactions and events in similar circumstances. In case the subsidiaries' accounting policies are different from those that are applied consistently within the Group, the appropriate adjustments should be made to the subsidiaries' Financial Statements before they are used to prepare the Consolidated Financial Statements.

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2024

Notes to the Consolidated Financial Statements (cont.)

Intra-group balances in the balance sheet and intra-group transactions and unrealized intra-group gains or losses resulting from these transactions are eliminated when preparing the Consolidated Financial Statements. Unrealized losses resulting from intra-group transactions are also eliminated unless costs that cause those losses cannot be recovered.

Non-controlling interests ("NCI") include the gains or losses of the subsidiary's business performance results and net assets that are not held by the Group and are presented in a specific item in the Consolidated Income Statement and the Consolidated Balance Sheet (as a part of the owner's equity). NCI include the value of NCI at the date of initial business combination and those in the changes of owner's equity commencing from that date. Losses arising in subsidiaries are allocated to NCI based on the non-controlling shareholders' ownership rate in the subsidiaries, even if those losses exceed the non-controlling shareholders' ownership in the net assets of the subsidiaries.

3. Foreign currency transactions

Transactions in foreign currencies are translated at the actual exchange rates ruling as of the transaction dates. The ending balances of monetary items in foreign currencies are translated at the actual exchange rates ruling as of the balance sheet date.

Foreign exchange differences arising from foreign currency transactions during the year shall be included into financial income or financial expenses. Foreign exchange differences due to the revaluation of ending balances of the monetary items in foreign currencies after offsetting their positive differences against negative differences shall be included into financial income or financial expenses.

The exchange rate used to translate foreign currency transactions is the actual exchange rate ruling as of the time of these transactions. The actual exchange rates applied to foreign currency transactions are as follows:

- For the foreign currency trading contract (including spot contract, forward contract, future contract, option contract, currency swap): the exchange rate stipulated in the contracts of trading foreign currency between the Group and the Bank.
- For receivables: the buying rate ruling as of the time of transaction of the commercial bank where the Group designates the customers to make payments.
- For payables: the selling rate ruling as of the time of transaction of the commercial bank where the Group supposes to make payments.
- For acquisition of assets or immediate payments in foreign currency (not included into payable accounts): the buying rate of the commercial bank where the Group makes payments.

The exchange rate used to revalue ending balances of monetary items in foreign currencies as of the balance sheet date is determined as follows:

- For foreign currency deposits in banks: the buying rate of the bank where the Group opens its foreign currency account.
- For monetary items in foreign currencies classified as other assets: the buying rate of Military Commercial Joint Stock Bank and Shinhan Bank Vietnam Limited where the Group frequently conducts transactions.
- For monetary items in foreign currencies classified as payables: the selling rate of Military Commercial Joint Stock Bank and Shinhan Bank Vietnam Limited where the Group frequently conducts transactions.

4. Cash and cash equivalents

Cash includes cash on hand and demand deposits in banks. Cash equivalents are short-term investments of which the due dates do not exceed 3 months from the dates of the investments that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value as of the balance sheet date.

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2024

Notes to the Consolidated Financial Statements (cont.)

5. Loans

Loans are determined at original costs less allowance for doubtful debts. Allowance for doubtful debts of loans is made on the basis of estimated losses.

6. Financial investments

Held-to-maturity investments

Investments are classified as held-to-maturity investments that the Group intends and is able to hold to maturity. Held-to-maturity investments of the Group only include term deposits in banks. Interest income from these term deposits in banks is recognized in the Consolidated Income Statement on the accrual basis.

Investments in associates

An associate is an entity which the Group has significant influence but does not have the right to control its financial and operating policies. Significant influence is the right to participate in making resolution on the associate's financial and operating policies but not control those policies.

Investments in associates are recognized using the equity method. Accordingly, the investments in associates are presented in the Consolidated Financial Statements at their initial costs and adjusted for changes in the associates' net assets after the investment date. If the Group's share of losses in an associate exceeds or equals the carrying amount of the investment, the carrying value of the investment presented in the Consolidated Financial Statements will be reduced to zero, unless the Group has an obligation to make payments on behalf of the associate.

The Financial Statements of associates are prepared for the same accounting period of the Group. In case the accounting policies of an associate are different from those that are applied consistently within the Group, the Financial Statements of that associate will be suitably adjusted before being used to prepare the Consolidated Financial Statements.

Unrealized gains and losses arising from transactions with associates are eliminated by the proportion belong to the Group when preparing the Consolidated Financial Statements.

7. Receivables

Receivables are recognized at the carrying amounts less allowances for doubtful debts.

The classification of receivables as trade receivables and other receivables is made according to the following principles:

- Trade receivables reflect receivables concerning the commercial nature arising from purchase and sale transactions between the Group and customers who are independent to the Group.
- Other receivables reflect receivables not concerning the commercial nature and irrelevant to purchase and sale transactions.

Allowance is made for each doubtful debt after being offset against liabilities (if any). The allowance rate is based on the debts' overdue period or the estimated loss, as follows:

- As for overdue debts:
 - 30% of the value of debts with the overdue period from 6 months to under 1 year.
 - 50% of the value of debts with the overdue period from 1 year to under 2 years.
 - 70% of the value of debts with the overdue period from 2 years to under 3 years.
 - 100% of the value of debts with the overdue period from or over 3 years.
- As for the debts that are not overdue, but considered as doubtful debts: Allowance is made on the basis of the estimated loss.

Increases/ (decreases) in allowance for doubtful debts to be recognized as of the balance sheet date are recorded into "General and administration expenses".

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2024

Notes to the Consolidated Financial Statements (cont.)

8. Inventories

Inventories are recognized at the lower of cost and net realizable value.

Costs of inventories are determined as follows:

- For materials and merchandise: Costs comprise costs of purchases and other directly attributable costs incurred in bringing the inventories to their present location and conditions.
- For work in progress: Costs comprise main materials, labor and other directly attributable costs.

The cost of inventories is determined using the weighted average method and recorded in accordance with the perpetual inventory system.

Net realizable value is the estimated selling prices of inventories in an ordinary course of business less the estimated expenses on product completion and other necessary expenses to make the sale.

Allowance for inventories is recognized for each type of inventories when their costs are higher than their net realizable value. Increases/ (decreases) in allowance for inventories to be recognized as of the balance sheet date are recorded into "Costs of sales".

9. Prepaid expenses

Prepaid expenses comprise actual expenses arising and relevant to financial performance in several accounting periods. These prepaid expenses are allocated over the prepayment period or the period in which corresponding economic benefits are generated from these expenses.

Prepaid expenses of the Group mainly include:

Tools

Expenses for tools in use are allocated to expenses in accordance with the straight-line method for the maximum period of 36 months.

Expenses for fixed asset repair

Expenses for fixed asset repair arising once with high value are allocated to expenses in accordance with the straight-line method for the maximum period of 36 months.

Insurance premiums

Insurance premiums are allocated to expenses over the term specified in the insurance contracts.

Expenses for periodical vessel repair and maintenance

Expenses for periodical vessel repair and maintenance arising once with high value are allocated to expenses in accordance with the straight-line method for the maximum period of 36 months.

Expenses for port and container yard maintenance

Expenses for port and container yard maintenance arising once with high value are allocated to expenses in accordance with the straight-line method in 24 months.

Bank guarantee fees

Bank guarantee fees are allocated to expenses over the term of the Guarantee Letter.

10. Tangible fixed assets

Tangible fixed assets are determined by their historical costs less accumulated depreciation. Historical costs of tangible fixed assets include all the expenses paid by the Group to bring the asset to its working condition for its intended use. Other expenses arising subsequent to initial recognition are included into historical costs of fixed assets only if it can be clearly demonstrated that the expenditure has resulted in future economic benefits expected to be obtained from the use of these assets. Those which do not meet the above conditions will be recorded into operating costs during the year.

When a tangible fixed asset is sold or disposed, its historical cost and accumulated depreciation are written off, then any gain or loss arising from such disposal is included in the income or the expenses during the year.

TAN CANG OFFSHORE SERVICES JOINT STOCK COMPANY

Address: No. 52-54 Truong Van Bang Street, Binh Trung Tay Ward, Thu Duc City, Ho Chi Minh City

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2024

Notes to the Consolidated Financial Statements (cont.)

Tangible fixed assets are depreciated in accordance with the straight-line method over their estimated useful lives. The depreciation years applied are as follows:

<u>Class of fixed assets</u>	<u>Years</u>
Buildings and structures	05 - 25
Machinery and equipment	03 - 15
Vehicles	06 - 15
Office equipment	03 - 10
Other fixed assets	04 - 05

11. Financial leased assets

A lease is classified as a finance lease if substantially all the risks and rewards associated with the ownership of the asset are transferred to the lessee. Financial leased assets are determined by their historical costs less accumulated depreciation. Historical cost is the lower cost of the fair value of the leased asset at commencement of the lease term and the present value of the minimum lease payments. Discount rate used to calculate the present value of the minimum lease payments is the interest rate implicit in the lease or else mentioned in the lease. If the interest rate implicit in the lease cannot be determined, the incremental borrowing rate at commencement of the lease term will be applied.

Financial leased assets are depreciated using the straight-line method over their estimated useful lives. If there is no reasonable certainty that the Group will obtain ownership at the end of the lease, the fixed asset shall be depreciated over the shorter of the lease term and the estimated useful life of the asset.

The Group's financial leased assets include vehicles, with the depreciation years ranging from 5 to 6 years.

12. Intangible fixed assets

Intangible fixed assets are determined by their historical costs less accumulated amortization.

Historical costs of intangible fixed assets include all the costs paid by the Group to bring the asset to its working condition for its intended use. Other costs relevant to intangible fixed assets arising subsequent to initial recognition are included into operating costs during the period, otherwise, these costs are included into historical costs of fixed assets only if they are associated with a specific intangible fixed asset and result in future economic benefits expected to be obtained from the use of the asset.

When an intangible fixed asset is sold or disposed, its historical costs and accumulated amortization are written off, then any gain or loss arising from such disposal is included in the income or the expenses during the year.

Intangible fixed assets of the Group include:

Land use right

Land use right includes all the actual expenses paid by the Group directly attributable to the land being used such as expenses to obtain the land use right, expenses for site clearance compensation and ground leveling, registration fees, etc. Land use right is amortized in accordance with the straight-line method over the land grant period. If the land use right is permanent, it is not amortized.

Computer software

Costs to obtain computer software, which is not a part associated with the relevant hardware, will be capitalized. Costs of computer software include all the expenses paid by the Group until the date the software is put into use. Computer software is amortized in accordance with the straight-line method in 2 years.

13. Construction-in-progress

Construction-in-progress reflects the expenses (including relevant borrowing interest expenses following the accounting policies of the Group) directly attributable to the construction of plants and the installation of machinery and equipment to serve for production, leasing, and management as well as the repair of fixed assets, which have not been completed yet. Assets in the progress of construction and installation are recorded at historical costs and not depreciated.

14. Business cooperation contract ("BCC")

Jointly controlled operations

In respect of its interests in jointly controlled operations, the Group shall recognize in its Consolidated Financial Statements:

- the assets that the Group controls.
- the liabilities that the Group incurs.
- the revenue that Group earns from sales of merchandise or services by the joint venture.
- the expenses that the Group incurs.

15. Payables and accrued expenses

Payables and accrued expenses are recorded based on the amounts payable for merchandise and services already used. Accrued expenses are recorded based on reasonable estimates for the amounts payable.

The classification of payables as trade payables, accrued expenses, and other payables is made on the basis of following principles:

- Trade payables reflect payables of commercial nature arising from the purchase of merchandise, services, or assets and the seller is an independent entity with the Group.
- Accrued expenses reflect expenses for merchandise, services received from suppliers or supplied to customers but have not been paid, invoiced or lack of accounting records and supporting documents; pay on leave payable to employees; and accrual of operating expenses.
- Other payables reflect payables of non-commercial nature and irrelevant to purchase, sales of merchandise or rendering of services.

Payables and accrued expenses are classified into short-term and long-term ones in the Consolidated Balance Sheet based on the remaining terms as of the balance sheet date.

16. Owner's equity

Owner's contribution capital

Owner's contribution capital is recorded according to the actual amounts invested by the Company's shareholders.

17. Profit distribution

Profit after tax is distributed to the shareholders after appropriation for funds under the Charter of the Company as well as legal regulations and approved by the General Meeting of Shareholders.

The distribution of profits to the shareholders is made in consideration of non-cash items in retained earnings that may affect cash flows and the ability to pay dividends such as gains from revaluation of assets invested in other entities, gains from revaluation of monetary items, financial instruments and other non-cash items.

Dividends are recorded as payables upon approval of the General Meeting of Shareholders.

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2024

Notes to the Consolidated Financial Statements (cont.)

18. Recognition of revenue and income

Revenue from sales of merchandise

Revenue from sales of merchandise shall be recognized when all of the following conditions are satisfied:

- The Group has transferred most of risks and benefits incident to the ownership of merchandise to the customer.
- The Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the merchandise sold.
- The amount of revenue can be measured reliably. When the contract stipulates that the buyer has right to return merchandise purchased under specific conditions, revenue is recognized only when those specific conditions no longer exist and the buyer retains no right to return merchandise (except for the case that the customer has the right to return the merchandise in exchange for other merchandise or services).
- It is probable that the economic benefits associated with sale transactions will flow to the Group.
- The cost incurred or to be incurred in respect of the sale transaction can be measured reliably.

Revenue from rendering of services

Revenue from rendering of services shall be recognized when all of the following conditions are satisfied:

- The amount of revenue can be measured reliably. When the contract stipulates that the buyer is entitled to return the services rendered under specific conditions, revenue is recognized only when those specific conditions no longer exist and the buyer is not entitled to return the services rendered.
- The Group received or shall probably receive the economic benefits associated with the rendering of services.
- The stage of completion of the transaction at the end of reporting period can be measured reliably.
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

In the case that the services are rendered in several accounting periods, revenue is recognized on the basis of the stage of completion as of the balance sheet date.

Interest

Interest is recorded, based on the term and the actual interest rate applied in each particular period.

19. Construction contracts

A construction contract is written contract for the construction of an asset or combination of assets which are closely interrelated or interdependent in terms of their design, technology, function or basic use purposes.

When the outcome of the construction contracts is estimated reliably, revenue and related costs are recognized in proportion to the work completed, as confirmed by the customer and reflected in the issued invoices.

Variation in amount of contract work done, compensation receivables and other receivables are recognized into revenue only when these are accepted by customers.

When the outcome of the construction contracts cannot be estimated reliably:

- Revenue is only recognized to the extent of contract costs incurred, where recovery is reasonably certain.
- Contract costs are recognized as expenses when they are incurred.

The difference between the accumulated revenue from the construction contract already recognized and the accumulated amount in the invoices according to the planned progress of contract is recognized as a receivable or payable based on the planned progress of the construction contracts.

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2024

Notes to the Consolidated Financial Statements (cont.)

20. Borrowing costs

Borrowing costs are interest expenses and other costs that the Group directly incurs in connection with the borrowings.

Borrowing costs are recorded as expenses when incurred. In case the borrowing costs are directly attributable to the construction or the production of an asset in progress, which takes a substantial period of time (over 12 months) to get ready for intended use or sale of the asset, these costs will be included in the cost of that asset. To the extent that the borrowings are especially for the purpose of construction of fixed assets and investment properties, the borrowing costs are eligible for capitalization even if construction period is under 12 months. Investment income earned on the temporary investment of those borrowings is deducted from the costs of relevant assets.

In the event that general borrowings are partly used for the acquisition, construction or production of an asset in progress, the borrowing costs eligible for capitalization will be determined by applying the capitalization rate to average accumulated expenditure on construction or production of that asset. The capitalization rate is computed at the weighted average interest rate of the borrowings not yet paid during the period, except for particular borrowings serving the purpose of obtaining a specific asset.

21. Expenses

Expenses are those that result in outflows of the Group's economic benefits and are recorded at the time of transactions or when incurrence of the transaction is reliable regardless of whether payment for expenses is made or not.

Expenses and their corresponding revenues are simultaneously recognized in accordance with matching principle. In the event that matching principle conflicts with prudence principle, expenses are recognized based on the nature and regulations of accounting standards in order to guarantee that transactions can be fairly and truly reflected.

22. Corporate income tax

Corporate income tax includes current income tax and deferred income tax.

Current income tax

Current income tax is the tax amount computed based on the taxable income. Taxable income is different from accounting profit due to the adjustments of temporary differences between tax and accounting figures, non-deductible expenses as well as those of non-taxable income and losses brought forward.

Deferred income tax

Deferred income tax is the amount of corporate income tax payable or refundable due to temporary differences between book value of assets and liabilities serving the preparation of the Financial Statements and the value for tax purposes. Deferred income tax liabilities are recognized for all the temporary taxable differences. Deferred income tax assets are recorded only when there is an assurance on the availability of taxable income in the future against which the temporarily deductible differences can be used.

Book value of deferred corporate income tax assets is considered as of the balance sheet date and will be reduced to the rate that ensures enough taxable income against which the benefits from part of or all of the deferred income tax can be used. Deferred corporate income tax assets, which have not been recorded before, are considered as of the balance sheet date and are recorded when there is certainly enough taxable income to use these unrecognized deferred corporate income tax assets.

Deferred income tax assets and deferred income tax liabilities are determined at the estimated rate to be applied in the year when the assets are recovered or the liabilities are settled based on the effective tax rates as of the balance sheet date. Deferred income tax is recognized in the Income Statement. In the case that deferred income tax is related to the items of the owner's equity, corporate income tax will be included in the owner's equity.

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2024

Notes to the Consolidated Financial Statements (cont.)

The Group shall offset deferred tax assets and deferred tax liabilities when:

- The Group has the legal right to offset current income tax assets against current income tax liabilities; and
- Deferred income tax assets and deferred income tax liabilities are relevant to corporate income tax which is under the management of one tax authority either:
 - Of the same subject to corporate income tax; or
 - The Group has intention to pay current income tax liabilities and current income tax assets on a net basis or recover tax assets and settle tax liabilities simultaneously in each future period to the extent that the majority of deferred income tax liabilities or deferred income tax assets are paid or recovered.

23. Related parties

Parties are considered to be related parties in case that one party is able to control the other party or has significant influence on the financial and operating decisions of the other party. Parties are also considered to be related parties in case that they are under the common control or under the common significant influence.

In considering each possible related party relationship, attention is directed to the substance of the relationship and not merely the legal form.

24. Segment reporting

A business segment is a distinguishable component of the Group that is engaged in manufacturing or providing products or services and that is subject to risks and returns that are different from those of other business segments.

A geographical segment is a distinguishable component of the Group that is engaged in manufacturing or providing products or services within a particular economic environment and that is subject to risks and returns that are different from those of components operating in other economic environments.

The segment information is prepared and presented in conformity with the accounting policy applied for the preparation and presentation of the Group's Consolidated Financial Statements.

Value added tax ("VAT")

The Group has to pay VAT in accordance with the deduction method. The VAT rates applied are as follows:

- Export goods, international service provision 0%
- Pre-processed or unprocessed agricultural products sold to army units and retail customers 5%
- Other goods and services 8 - 10%

Corporate income tax ("CIT")

In 2014, the Parent Company made an additional investment in the port sector and began generating taxable income. According to the regulations in Article 19 and Article 20, Circular No. 78/2014/TT-BTC dated 18 June 2014, the Parent Company is exempted from CIT for 4 years (from 2014 to 2017) and reduced 50% of tax payable in the next 9 years (from 2018 to 2026) for income generated from this activity. In addition, the income from the port exploitation activity enjoys an incentive tax rate of 10% for 15 years (from 2014 to 2028).

The subsidiaries in the Group have to pay CIT at the rate of 20%.

The determination of the Group's CIT liability is based on the prevailing regulations on taxes. However, these regulations may change from time to time and regulations applicable to variety of transactions can be interpreted differently. Therefore, the tax amount presented in the Consolidated Financial Statements could change when being inspected by the Tax Office.

Other taxes

The Group declares and pays these taxes according to prevailing regulations.
